

Year 1 Home Learning
 Week beginning: 11th January

Year 1	Daily Task	Weekly Task	Optional Extra
Reading	Daily reading of your reading book or another book from home. 😊	Look at the picture below. Use the thinking stems: I'm seeing I'm wondering I'm feeling I'm noticing I'm thinking to write four sentences about the picture. Make sure that your sentences include a capital letter, finger spaces, correct letter formation and a full stop. Use your class sound mat that is in the front of your homework books.	https://www.teachyourmonstertoread.com/ https://new.phonicsplay.co.uk/
Writing	Activity 1 - one sentence per day. Write the words in order to make the sentence make sense. Make sure you form all of your letters correctly.	Activity 2 Write the sentences out with the correct capital letters. Make sure your capital letters are bigger than your lowercase letters.	https://www.phonicsplay.co.uk/resources/phase/5/sentence-substitution-ph5a Write down the new sentences that you make. Remember to include a capital letter, finger spaces and a full stop.
Maths	Practise counting forwards and backwards within 50. As a challenge, you could try starting from any number. E.g. counting backwards from 45-32.	Zoom lesson with Miss Fairless on Monday 11th at 10:30am https://whiterosemaths.com/homelearning/year-1/week-10-geometry-shape/ Go on a shape hunt around your house. What shapes can you find? Are they 2 dimensional or 3 dimensional? Draw and label the objects that you find and also label what shape they are. For example, I could draw a ball and label it with the words 'football' and 'sphere'.	Watch our shape songs: https://www.youtube.com/watch?v=guNdJ5MtX1A https://www.youtube.com/watch?v=pfRuLS-Vnjs https://www.youtube.com/watch?v=RRiWpCfp75g

Year 1 Home Learning
Week beginning: 11th January

		Once you have collected your objects. Can you sort them into groups? Tell your grown up how you have sorted them. Is there another way you can sort them? For example, you could sort them by shape, number of faces or whether they have curved or straight sides.	
Topic	In Science this half term, we will be continuing with our seasonal change learning. What season are we in now? What will the next season be? What was last season? Oak National Academy, Science, Key Stage 1, Seasonal Change, Lesson 1 https://classroom.thenational.academy/lessons/what-do-we-know-about-the-weather-6ct30c		
Optional Extras	Can you make a picture by drawing round the faces of 3D shapes? For example, I could draw a house by drawing round the rectangular face of a cuboid cereal box, I could draw the windows by drawing round the square face of a stock cube and I could put a sun in the sky by drawing round the circular face of a cylinder jar of jam.	<i>Balloon keepy uppy!</i> You will need: a balloon, your body parts and a stopwatch. Don't let the balloon touch the floor! You can use any of your body parts to tap the balloon back up into the air - hand, arm, leg, knee, elbow, foot, head! Set the stopwatch and time how long you can keep the balloon in the air for. Was it seconds or minutes? How many seconds are in a minute? Can you beat your score?	What do we need to wear in winter? Draw a picture of yourself dressed for winter. Label the items that you are wearing.
