

## Home Learning Grid – Oak Class w/c 22.2.21

Home learning activities		
Reading	<p>Make sure you are reading for at least 20 minutes each day. Either read online at <a href="http://getepic.co.uk">getepic.co.uk</a> with the books I have allocated you or if you are reading a book from home, make sure this is recorded in your reading diary please.</p>  <p>Look how many books we have read! What superstars!</p>	<p>This week in English we are looking at poetry. I've put some poems into your pack which I need you to bring along to our live session on Monday. You might also have a favourite poem of your own from home which you can bring to our live session.</p> <p>If you would like to, you can practise a poem and perform it to us on Friday in our live session at 9.30am.</p> <p><b>Writing</b></p> <p>We are also going to be looking at writing poems this week as well. We are going to make a colour poem together and also each write our own colour poem.</p> <p>We will collect ideas for this on Wednesday, In your pack there is a colour collector sheet which you will need with you for Wednesday's live lesson. If you can't make Wednesday's lesson, can you come up with some ideas for each colour section? For example in the red section you could have strawberries, tomatoes and fire engines. Try to think of 2 or 3 ideas for each section and if you can come up with an adjective for some of those ideas, that would also really help.</p> <p>I have put a rainbow writing sheet into your pack - bring this along to the live lesson on Friday and we will look at how we can write a rainbow poem using all of your colourful ideas.</p>
Writing	<p>We need to look at another new spelling rule - you are whizzing through these!</p> <p>This week we are going to look at the silent w spelling. We will be covering this in Monday's live SPaG session - bring along the 'wr' worksheet to our lesson.</p> <p>You can also practise online at:  <a href="https://www.ictgames.com/mobilePage/lcwc/index.html">https://www.ictgames.com/mobilePage/lcwc/index.html</a></p>	
Maths	<p>Keep working on those key skills!</p> <p><a href="https://www.topmarks.co.uk/maths-games/daily10">https://www.topmarks.co.uk/maths-games/daily10</a>  <a href="https://play.ttrockstars.com/">https://play.ttrockstars.com/</a>            and here are some shape links for this week's learning:</p>	<p>This week we are looking at 2D and 3D shapes.</p> <p>It would be great if you can sign in each day at 10.45 and join our live lesson. If not, remember the video lessons for each day are available at <a href="https://whiterosemaths.com/homelearning/year-2/">https://whiterosemaths.com/homelearning/year-2/</a> - select week 7</p>

	<p><a href="https://www.ictgames.com/mobilePage/shiftingShapes/index.html">https://www.ictgames.com/mobilePage/shiftingShapes/index.html</a> and <a href="https://www.topmarks.co.uk/carroll-diagrams/2d-shapes">https://www.topmarks.co.uk/carroll-diagrams/2d-shapes</a> (choose level 1 or 2) and this one is just for fun! <a href="https://www.coolmath4kids.com/manipulatives/pattern-blocks">https://www.coolmath4kids.com/manipulatives/pattern-blocks</a></p>	<p>I wonder if you have anything at your house that would help you with this as we are going to be making some shapes ourselves this week. You might have some playdough you could use, or you might have some blue-tack. It would be handy if you also had something like cocktail sticks to make the sides of the shapes – uncooked spaghetti would also work. Have a look on the timetable to see what you can bring to your lesson each day.</p> <p>If you miss Tuesday's live lesson here is a video link to the activity: <a href="https://vimeo.com/506146009">https://vimeo.com/506146009</a></p>
--	--	---

Science	<p>Now that we know about the life cycle of a human we are going to look at how to keep a healthy lifestyle. Use lesson 1 and 2 from the healthy lifestyle lesson series on Oak Academy: <a href="https://classroom.thenational.academy/units/human-lifestyle-b28d">https://classroom.thenational.academy/units/human-lifestyle-b28d</a> The worksheet you need is in your learning pack. If you'd like some more follow-up work, you can also access this link on BBC bitesize: <a href="https://www.bbc.co.uk/bitesize/topics/z9yycdm/articles/zqhbr82">https://www.bbc.co.uk/bitesize/topics/z9yycdm/articles/zqhbr82</a></p>
Geography	<p>In this week's video you can look at the word 'settlement' and what it means. Use this link and access lesson 1: <a href="https://classroom.thenational.academy/units/villages-towns-and-cities-28b9">https://classroom.thenational.academy/units/villages-towns-and-cities-28b9</a></p>
Art	<p>This week I would like you to practise drawing different shapes. Can you make some shape patterns? Practise drawing straight lines and curved lines. Take your time to practise straight lines because it is really useful to be able to do this without a ruler!</p>
PSHE	<p>This half term's topic is wellbeing and mental health. I have sent through a powerpoint looking at feelings this week and there is a sheet in the pack with feelings cards for you to use alongside this activity.</p>
