

Home Learning Grid – Oak Class w/c 1.3.21

Home learning activities		
Reading	<p>Make sure you are reading for at least 20 minutes each day. Either read online at getepic.co.uk with the books I have allocated you or if you are reading a book from home, make sure this is recorded in your reading diary please.</p>  <p>Look how many books we have read! What superstars!</p>	<p>Reading</p> <p>This week in English we are looking at poems about stars and we are also going to write some poems about stars and also about our class!</p> <p>I have put some poems in your pack for you to read - there are some tricky words in some of them - remember to underline tricky words as we read out poems together so that we can talk about them.</p> <p>Writing</p> <p>We are also going to be looking at writing poems this week as well. We are going to be collecting lots of adjectives for our writing all week. In your pack there is an alphabetical adjective sheet - bring this along to each live lesson and as we collect adjectives you can write them onto your sheet as well to use when we write our poems at the end of the week.</p> <p>We are going to use alliteration at the end of the week to make some funny poems about our class. Alliteration is where we use lots of words together that start with the same sound:</p> <p>Lucy liked lemon lollies.</p> <p>Percy picked some purple plums.</p>
Writing	<p>We need to look at another new spelling rule - you are whizzing through these!</p> <p>This week we are looking at when <u>a</u> can make an <u>o</u> sound. There is a sheet in your pack for you to bring along on Monday's SPaG session.</p> <p>You can also practise online at:</p> <p>https://www.ictgames.com/mobilePage/lcwc/index.html</p> <p>- Select year 2, then patterns, then 'wa'</p> <p>Then on Thursday we are going to learn another new rule - we will look at when words end with the -le spelling.</p>	
Maths	Keep working on those key skills!	This week we are looking at 2D and 3D shapes again.

<p>https://www.topmarks.co.uk/maths-games/daily10</p> <p>https://play.ttrockstars.com/</p> <p>and here are some shape links for this week's learning:</p> <p>https://www.ictgames.com/mobilePage/shiftingShapes/index.html</p> <p>and this one is just for fun!</p> <p>https://www.coolmath4kids.com/manipulatives/pattern-blocks</p>	<p>In Tuesday's live lesson you will be finding out all about symmetry – you will have 2 sessions of maths on Tuesday so bring the sheets labelled 1 and 2 to Tuesday's session.</p> <p>It would be great if you can sign in each day at 10.45 and join our live lesson. If not, remember the video lessons for each day are available at https://whiterosemaths.com/homelearning/year-2/ - select week 8.</p> <p>One thing that would really help you is to practise your 2D and 3D shape names regularly. Can you name all of your shapes confidently? Use your sheets from Monday of last week to help with this.</p>
---	--

Science	<p>Now that we know about the life cycle of a human we are going to look at how to keep a healthy lifestyle. Use lesson3 from the Oak Academy: https://classroom.thenational.academy/lessons/what-is-a-healthy-diet-c9k38t</p> <p>There is a sheet in your pack to go with this activity.</p>
History	<p>In History this half term we are going to look at how holidays have changed over time. To get ready for this can you talk to your adult about a holiday you have been on in the past – in the UK or a different country? There is a sheet in your pack to help you record some of the things you saw and did on your holiday – pictures on one side and sentences on the other side! If you can bring that back to school with you next week that would be great. If you have any photos of you on holiday or at the beach that would be lovely too.</p>
Art	<p>In your pack there is a design your own postcard activity. Can you design a postcard for a seaside holiday? Make It bright and bold. Just put a few pictures on that remind you of a beach holiday. Take your time and make it a really careful drawing.</p>
PSHE	<p>I am so excited that you are coming back to school next week! It will be so great to see you in real life again. I wonder if you have any worries about coming back after being at home for so long? Maybe you feel a bit excited and a bit worried and that's fine too. I have included a feelings monster in your pack this week so that you can show how you are feeling. It might be all one colour or it might be a mixture of colours. Write some sentences to tell me what you are excited, happy, scared or worried about.</p>
